APA Releases VE AM Cylinder & Filler

APA has released its aftermarket cylinder for the VE Commodore. This cylinder is the same form function and quality as the Factory fitted unit which is also manufactured by APA. The tank fitting instructions and Bolt Kit are supplied with the cylinder. Note that this cylinder has a 1/2 inch elbow fitted to the AFL

Specifications are as follows:

Cylinder Name: VE Commodore Sedan

Cylinder type: Bracketed

Water Capacity: 93L

Usable LPG: 75L

Part number: B120HVE

APA VE Sedan Filler

To coincide with the release of the VE cylinder APA has also released the VE Commodore Filler. Kit includes instructions and template

Part No. FVHVES3/8 (3/8" thread)

Part No. FVHVES1/2 coming soon (1/2" thread)

Orders for this Cylinder can now be placed through your local APA Distributor
