CYLINDER INSTALLATION RECOMMENDATIONS

1. APA will not take responsibility for products that are not fitted in accordance with AS1425 and amendments.
2. The information in this chart is provided as a guide only.
3. Please observe the mounting cradle manufacturers recommendations when installing non bracketed cylinders.
4. APA recommends the use of 5/16" diameter service line.
5. To correctly install our cylinders, please use the following method.

30° CYLINDER INSTALLATION

90° CYLINDER INSTALLATION

BRACKETED CYLINDERS

Cylinders with integral mounting brackets are available for specific vehicles.

A76RCC	Holden Rodeo Cab Chassis TF
A76RU	Holden Rodeo utility TF
F95FU2	Ford Falcon utility only AU (rear mount)
F84FUM	Ford Falcon Cab Chassis / Utility AU
A86F	Ford Falcon Sedan EA - EF2
F95H	Holden Commodore Sedan VN - VS
D90N / D93N	Nissan Patrol GQ
D100T	Toyota Landcruiser 80 series (tail pipe modification required)
G84MAN	Ford Falcon Station Wagon (manifold cylinder) XA - EF2
F95FU	Ford Falcon Utility XH
F104H	Holden Commodore VT Sedan
K306F	Ford Falcon AU Wagon
K275H	Holden Commodore VT Wagon
K275M	Mitsubishi Magna Wagon
A86M	Mitsubishi Magna
